

# WHAT IS 3D BODY SCANNING?

## YOUR 3D BODY SHAPE

Styku recreates your body in 3D and shows you how your shape is changing over time

## FAST & NON-INVASIVE

Uses harmless infrared light. Completely private. Takes only 35 seconds.

## DATA THAT MAKES SENSE

Extracts waist, hip, thigh, body fat%, and more with medical-grade precision

## TRACK PROGRESS

See fat loss, calories burned and activity levels over time.
